Tales of Great Fishing in Alaska's hideaway

Most people just hear about legends, but you have the opportunity to actually live your own legend among the secluded islands of Alaska's Inside Passage.

First, you'll arrive either by boat or by float plane as **SilverKing Lodge** is the sole occupant of secluded Grant Island, located 20 miles north of Ketchikan. You will be greeted at the lodge by a friendly and knowledgeable staff.

Within minutes, you and a partner or two will be equipped with a fourteen foot skiff that will put you right at eye level with the fish. All tackle and bait will be provided (unless you choose to bring your own) and you'll soon be fishing for the trophy of your life on some of Alaska's richest fishing waters.

You'll be tempted to take a closer look at the rugged beauty the area offers. And of course, you are free to take your boat wherever you like and see what you want to see.

Your legendary vacation includes: transportation from Ketchikan Airport to **SilverKing Lodge**, lodging, meals, boat and 15 h.p. motor, fishing rod and reel, bait, fish cleaning, processing and packaging, plus more scenery than you can take in. Gratuities, alcoholic beverages, personal items and an Alaska fishing license are not included. Rain gear is available for rent at a nominal fee.

SilverKing Lodge will be happy to arrange fishing charters or sightseeing for an additional fee. The float plane company allows each passenger one large bag and one carry-on bag with no additional fee.

Tales of Great Fishing where the mighty waters

Perhaps you will take a hike through the lush rain forests on the banks of the Naha River to see the hordes of Pink Salmon and experience the frequent visits of Alaskan Black Bears. As you troll the lake-smooth ocean waters, you'll see an Eagle leave its nest atop the rain forest and swoop down to snatch a Salmon from the ocean. We will do everything possible to make this trip a legendary one for you and your family or associates. Even those who have never fished before will cherish the thrills and excitement of Alaska and the **SilverKing Lodge**.

Humpback and Killer Whales, Porpoises and Dolphins, Sea Lions, Deer and more native wildlife are often seen in the waters and rugged landscape near SilverKing Lodge.

As a guest of **SilverKing Lodge** you will be fishing the secluded, most fertile fishing waters that Alaska has to offer. King, Pink, Chum and the hard fighting Silver Salmon along with Halibut, Pacific Cod, Red Snapper and the variety of Rock Fish await your hook within feet of the Lodge.

You may want to tour nearby Ketchikan with its unique shopping, rustic ambience and world's greatest collection of Totem Poles. Ketchikan is the Salmon Capital of the world. Sportfisherman and sightseers come from around the world to enjoy its natural rugged

beauty and awesome wildlife.

The staff at **SilverKing** will be happy to arrange for charter fishing and flight seeing to legendary Misty Fjord National Monument and fly-in fishing trips to fresh water lakes and rivers of Southeast Alaska.

At the end of your fishing or sight seeing day, you'll be treated to the best cooking in all of the Territory. Served buffet style, the wonderful, homecooked meals at **SilverKing Lodge** are cruise-like in quality and quantity. The fresh breads and pastries alone are worth the trip. You can return to the Lodge for a great mid-day meal or take your lunch with you on your boat. After all, we wouldn't want you to have to choose between the food and the fun!

Your clean, dry and comfortable cabin with hot showers, surrounded by the rugged Alaskan landscape and ocean, will get you rested and ready for another exciting day of legend-making.

You can watch spectacular sunsets from the hot tub on the deck. You may even have the chance of seeing the spectacular Northern Lights explode across the night sky. At the very least, you'll see stars that city dwellers don't know exist. You'll relax in rustic comfort as you totally enjoy the rejuvenation of body and spirit that come from experiencing all that Alaska has to offer.

The by-product of your legendary experience will be the delicious fish that our staff will clean, fillet, freeze and pack for your return home. With each subsequent fish fry, you'll be flooded with a rush of memories of the time you lived your own private legend at the **SilverKing Lodge**.

You and your family are welcomed and will be comfortable at **SilverKing Lodge**. Imagine the thrill of seeing your children sharing this legendary Alaskan experience with you! Business groups are also welcome. We don't want anyone to miss out on this exciting and life-changing experience.

Begin the legend...

Dear Friend,

The year 2006 marks SilverKing Lodge's 21st year of providing our guests with legendary unforgettable fishing experiences.

Many of our guests originally come for what they think will be a once-in-a-lifetime vacation. However, after they arrive home, they long to return to SilverKing Lodge. We see them come back for even more fun, excitement and personal rejuvenation.

May I take this opportunity to invite you to do something that you will remember for the rest of your life. Come stay with us and share with family or friends something few are privileged to enjoy - the wonderful, rugged, beautiful, unique and unspoiled frontier of Alaska. I promise that you'll love your stay with us at SilverKing Lodge.

Your friend,

Kirk Thomas
